Review

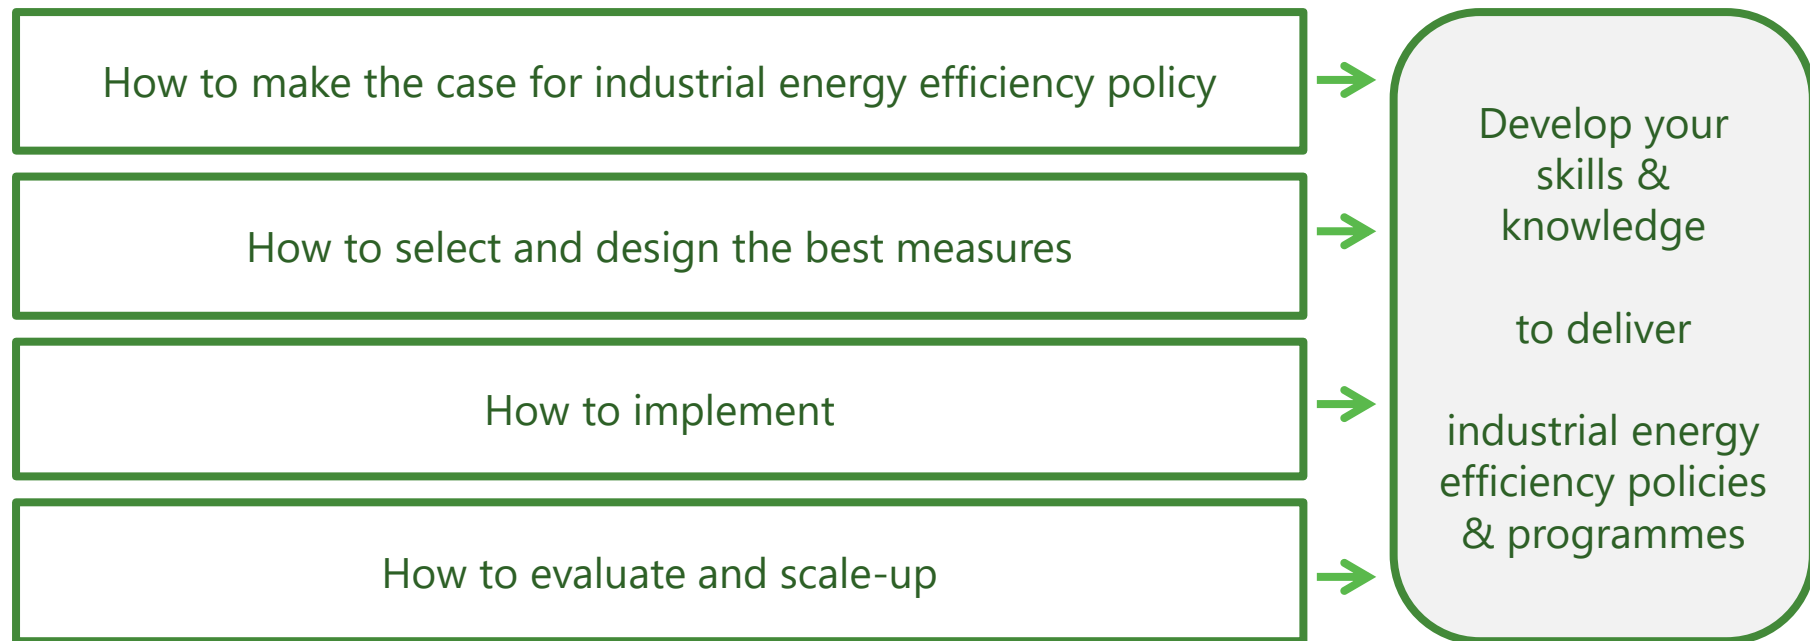

Patrick Crittenden and Hugo Salamanca

Energy Efficiency Training Week, Industry Stream, Pretoria, South Africa, October 2019

Course objective: Why are we here?

- To develop the skills and knowledge of policy makers in emerging economies (YOU) to:
 - Design
 - Implement, and
 - Evaluateenergy efficiency policy.

Link between training content and objectives

Learning outcomes

Review and reflect on what you have learnt

- Consider:
 - What are the top 3 learning points or 'takeaways' for you?
 - What are the top 3 case studies that will be most useful to you?
 - How will you apply what you have learnt back in your workplace?
- After a few minutes, share your findings in threes
- We will then go around the room and have everyone share 1 of their learning points.

Applying your learning

- How will you apply your learning back in your workplace?
- How will you know that what you have done has been successful?

Continuing your learning

- Identify 1 topic or issue from this training that you would like to learn more about.
- What can you do to continue your learning on this topic or issue?
- Who and what can help you with your learning?

Continuing your learning after this training

- We haven't been able to cover everything in a few days but we can point you in the direction of further support and resources!
